Fujimi Corporation Receives Intel's Prestigious Supplier Continuous Quality Improvement Award

Tualatin, OR, March 5, 2020 – Fujimi Corporation has been recognized by Intel as a recipient of its 2019 Supplier Continuous Quality Improvement (SCQI) award. The SCQI award is Intel's most prestigious recognition and signifies an elite performance in all critical management systems supporting quality, cost, availability, technology, customer service, and sustainability. Companies like Fujimi Corporation that receive this award are considered to be industry role-models that provide unparalleled supply chain support to Intel.

"I am pleased to recognize the winners of Intel's Supplier Continuous Quality Improvement Award for 2019," said Dr. Randhir Thakur, head of Global Supply Chain at Intel. "These suppliers are outstanding strategic partners and play an important role in Intel's continued growth. They have earned this recognition through their unwavering commitment to quality and deep collaboration, and their relentless drive for excellence."

The SCQI award distinguishes best-in-class standards of service, responsibility, and integrity. To qualify for SCQI status, Intel suppliers must exceed the highest expectations and aggressive performance goals while scoring at least 95 percent on an integrated report card that assesses performance throughout the year. Suppliers must also achieve 90 percent or greater on a challenging improvement plan and demonstrate outstanding quality and business systems.

Additional information is available at the [Intel Newsroom](#).

About Fujimi Corporation
